# BLÅ STATION

## AGENDA 2030

| Goals we directly contribute to | Sub-goals | Blå Station's goals | How? | Comment | Read more |
|---|---|---|---|---|---|
| **#3. Good health and well-being** | 3.4. By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental h<br>ealth and well-being .<br>3.9. By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination . | Non-toxic products; safe workplaces; satisfied employees | Code of Conduct 2021 (internal & external); UL GREENGUARD; Möbelfakta; Nordic Ecolabel; Environmental policy; ISO 14001; employee health care; employee survey | Blå Station works systematically to ensure good workplace conditions and a good workplace environment both in-house and with our suppliers. We apply the precautionary principle, and our code of conduct for suppliers applies to the entire supply chain. | www.blastation.com/environment |
| **#5. Gender Equality** | 5.1.<br>End all forms of discrimination against all women and girls everywhere.<br>5.5. Ensure women's full and effective participation and equal opportunities for leadership at all levels of decision-making in political, economic and public life. | Equal opportunities for everyone, at all levels | Code of Conduct 2021 (internal & external | We work for diversity and equal opportunities. We are 35% women and 65% men at the company. The management consists of 50% women and 50% men, and the board as well. | www.blastation.com/environment/csr |
|  **#8. Decent work and economic growth** | 8.2. Achieve higher levels of economic productivity through diversification, technological upgrading and innovation , including through a focus on high-value added and labour-intensive sectors.<br>8.4. Improve progressively, through 2030, global resource efficiency in consumption and production and endeavour to decouple economic growth from environmental degradation, in accordance with the 10-year framework of programmes on sustainable consumption and production, with developed countries taking the lead.<br>8.7. Take immediate and effective measures to eradicate forced labour, end modern slavery and human trafficking and secure the prohibition and elimination of the worst forms of child labour, including recruitment and use of child soldiers, and by 2025 end child labour in all its forms.<br>8.8. Protect labour rights and promote safe and secure working environments for all workers, including migrant workers, in particular women migrants, and those in precarious employment. | Non-toxic products; safe workplaces; satisfied employees; circular flows; "local" production; innovative products | Code of Conduct 2021 (internal & external; UL GREENGUARD; Möbelfakta; Nordic Ecolabel; Environmental policy; ISO 14001; employee survey; due diligence* | We are constantly working to improve our products (existing and upcoming) together with our suppliers. We strive to work according to circular principles, and manufacture our furniture as locally as we can. Extensive risk analyzes are carried out on all our products to ensure social responsibility in all our ranks, and "due diligence" takes place within the framework of this. | www.blastation.com/environment |

| Goals we directly contribute to | Sub-goals | Blå Station's goals | How? | Comment | Read more |
|---|---|---|---|---|---|
| **#12. Responsible consumption and production** | 12.2.<br>A the sustainable management and efficient use of natural resources.<br>12.4. A the environmentally sound management of chemicals and all wastes throughout their life cycle, in accordance with agreed international frameworks, and significantly reduce their release to air, water and soil in order to minimize their adverse impacts on human health and the environment.<br>12.5. Substantially reduce waste generation through prevention, reduction, recycling and reuse. | Eco-labelled products; traceable wood; non-toxic products; circular flows; "local" production; producer responsibility regarding packaging; 100% renewable energy in our premises; fossil-free fuels | Möbelfakta; UL GREENGUARD; Nordic Ecolabel; Environmental policy; ISO 14001; FSC/PEFC; FTI; ReUse | Eco-labeling of our products with, for example, Möbelfakta certifies that we take a great deal of environmental responsibility. But regardless of whether we certify our products or not, they always meet all relevant environmental requirements. The lifespan of our furniture is long, thanks to high quality and often a modular approach. We offer solutions for reuse and renovation of our products. Our goal is to phase out fossil fuels internally and in our transport links, as well as to go from fossil-free to renewable electricity in our premises. Joining FTI ensures that we take responsibility as producers. | www.blastation.com/environment |
| **#15. Life on land** | 15.1. Ensure the conservation, restoration and sustainable use of terrestrial and inland freshwater ecosystems and their services, in particular forests, wetlands, mountains and drylands, in line with obligations under international agreements.<br>15.2. By 2020, promote the implementation of sustainable management of all types of forests, halt deforestation, restore degraded forests and substantially increase afforestation and reforestation globally.<br>15.5. Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity and, by 2020, protect and prevent the extinction of threatened species. | Traceable wood; eco-labeled products; non-toxic products; circular flows; "local" production; producer responsibility regarding packaging; local involvement | Möbelfakta; UL GREENGUARD; Nordic Ecolabel; Environmental policy; ISO 14001; FSC/PEFC; FTI; ReUse | Ensuring that raw materials and inputs for our products originate from legal and sustainably managed environments is central to us. By situating the production of our furniture as close to us as possible, we have better insight into the processes, and can thus ensure that the strict requirements we set are met. We have beehives in the back of our office, and let the vegetation grow freely. | www.blastation.com/environment |
